Dear Mr. Graham,

I have received the sample Smart Vents as well as the CD you were good enough to forward to this office. I will be specifying their use in structures either new or substantially improved situated in a flood zone.

Your product appears to be well made, suited to its purpose, and definitely fills a need. I want thank you for the prompt response to my request and best of luck with Smart Vent.

Sincerely,

James A. Goolsby
Building Inspector
