Dear Mike,

I want to extend my sincere gratitude for everything you and your team did to help us rebuild lives last week in New Orleans. The patience and ability of you and your staff to help build this project in this short of a time frame was truly amazing. This process has unequivocally shown me the ability of dedicated people to make a real difference in our world, and Smart Vent has been a part of changing a family's life forever. I know that you and your team made sacrifices to help with this build, and I want to make sure you know how much Deltec and I really appreciated your hard work. I am honored to have worked on this project with you! Don't ever hesitate to pick up the phone if I can ever be of help to you in the future.

Sincerely,

Steve Linton
